## Report and success story of the workshop organized

### Workshop and Hands-On Training on "Basic Molecular Biology Techniques"

**Total Students Participated: 57**

The Workshop and Hands-On Training on "Basic Molecular Biology Techniques," sponsored by the Alumni Association of the Microbiology Department, Gujarat Arts and Science College, Ahmedabad, in collaboration with SLS Research Pvt Ltd., Surat, Gujarat, marked a significant milestone in empowering UG and PG students with essential skills and knowledge in molecular biology. Held on August 1st, 2022, at the Microbiology Laboratory of Gujarat Arts and Science College, Ahmedabad, the program garnered tremendous success and positive feedback from participants.

#### **Key Highlights:**

1. **Expert Guidance:** Renowned experts and industry professionals from SLS Research Pvt Ltd., Surat, Gujarat, led the workshop, providing participants with expert guidance and insights into fundamental molecular biology techniques.
2. **Hands-On Training:** The hands-on training sessions allowed participants to gain practical experience in essential molecular biology techniques, including DNA extraction, PCR (Polymerase Chain Reaction), gel electrophoresis, and DNA sequencing.
3. **Interactive Sessions:** Interactive sessions facilitated active engagement and knowledge exchange among participants and instructors, fostering a dynamic learning environment conducive to skill development and learning.

#### **Special Benefit for GASC-Ahmedabad Microbiology Students:**

- As a gesture of support and encouragement, there was no fee charged for Microbiology students of Gujarat Arts and Science College, Ahmedabad, allowing them to access this valuable learning opportunity without financial constraints.

#### **Success Indicators:**

1. **Skill Enhancement:** Participants gained proficiency in basic molecular biology techniques, equipping them with valuable skills essential for academic and professional advancement in the field of life sciences.
2. **Positive Feedback:** Feedback from participants reflected high satisfaction levels with the program content, delivery, and overall learning experience, indicating its effectiveness in meeting educational objectives and expectations.

#### **Conclusion:**

The Workshop and Hands-On Training on "Basic Molecular Biology Techniques" sponsored by the Alumni Association of the Microbiology Department, Gujarat Arts and Science College, Ahmedabad, in collaboration with SLS Research Pvt Ltd., Surat, Gujarat, exemplified a successful initiative in empowering students with practical skills and knowledge in molecular biology. By providing a platform for experiential learning, skill development, and networking, the program contributed significantly to the academic and professional growth of participants, paving the way for future success and excellence in the field of life sciences.

An International Seminar  
on  
"Some State-of-the-Art Practices  
in Biological Sciences"

organized by  
Biology Department

Gujarat Arts & Science College  
Ahmedabad

Date: 6<sup>th</sup> September, 2022  
Time: 11:30 a.m. onwards

#### About the College

Gujarat Arts & Science College, popularly known as Gujarat College, is one of the oldest educational institutions of India. It was established in 1863 as a government-run educational institute. It is now under the direct management of the Higher Education Department of Government of Gujarat and is affiliated to Gujarat University, Ahmedabad. It is located in the heart of the Ahmedabad city with a sprawling and lush green campus of around 33 acres and Victorian architectural and heritage buildings. This renowned college has produced numerous freedom fighters, leaders, planners and policy makers, educationists and scientific researchers.

At present, the college houses 12 departments of Arts faculty, 9 departments of Science and a full-time degree course in Performing Arts (Drama). The institute runs undergraduate courses in 22 subjects and 7 post graduate courses in all. It is also having separate buildings for office, library, hostel, gymkhana, canteen etc.

#### About the Seminar

The seminar is aimed at focusing on some advanced subjects of biological sciences including conservation of biodiversity, protection of plant varieties and some important aspects of data analysis for the modern-day researches. The lectures will be delivered by distinguished speakers and scientists from different parts of the world. They would enhance and motivate students by sharing their in-depth knowledge in biological sciences.

#### About the Resource persons (Speakers)

**Dr. Ketan Tatu**  
Ph. D., West Virginia University, USA  
Former Post-doctoral Researcher,  
Virginia Tech University, USA  
Currently working as Senior  
Scientist, GEER Foundation,  
Gandhinagar

**Dr. Aaradhana Sadasivam**  
Senior Manager  
Intellectual Property, grants and &  
Intellectual Property Administration,  
Temasek Laboratory Sciences Life Ltd,  
Singapore

**Mr. Harindra Baraiya**  
Ph.D. Scholar  
Wildlife Institute of India (WII),  
Chandrabani,  
Dehradun, Uttarakhand

**Mr. Avichal Tatu**  
Project Associate  
Indian Institute of Science (IISc),  
Gulmohar Marg, Mathikere,  
Bengaluru, Karnataka

Registration Fees:-

For Students: ₹ 50/-

For Others: ₹ 100/-

Who should attend: Students, Academicians, Environmentalists, Industrialists from Life Sciences.

Venue: Room No. M-5, Main Building, Gujarat Arts and Science College, Ellis Bridge, Ahmedabad – 380 006

## Gujarat Arts and Science College, Ahmedabad

### Report on an International Seminar on

### “Some State-of-the- Art Practices in Biological Sciences”

An international seminar – Some State-of-the-Art-Practices in Biological Sciences was organized by the Biology Department of Gujarat Arts and Science College, Ahmedabad on 6<sup>th</sup> September 2022 at Room No. M-5, Main Building, Gujarat College campus, Ahmedabad.

The seminar was aimed to provide insights into the latest advancements and techniques in various domains of biological sciences. With around 120 participants from India and abroad, the seminar served as a platform for knowledge exchange and networking among students of different subjects of Biology.

Our eminent speakers were:

**1. Dr. Ketan Tatu**

Topic: Wetland Study Techniques – Glimpses of Current Scenario.

Background: Dr. Ketan Tatu, a Ph.D. graduate from West Virginia University, USA and a former Post-doctoral Researcher at Virginia Tech University, USA, currently serves as a Senior Scientist at GEER Foundation, Gandhinagar. His presentation provided valuable insights into the latest techniques and methodologies used in wetland studies, shedding light on the current scenario in the field.

**2. Dr. Aaradhana Sadasivam**

Topic: Protection and Dissemination of Plant Varieties.

Background: Dr. Aaradhana Sadasivam is a Scientist – turned law professional. She did her Ph.D. from Gujarat University, Ahmedabad. She has also studied Intellectual Property Law from National University of Singapore and from Singapore Management University in partnership with MIT. Currently she is working as Senior Manager at Temasek Life Sciences Laboratory Limited, Singapore. She shared her expertise in intellectual property management and plant variety protection.

**3. Mr. Harindra Baraiya**

Topic: Understanding Avian Migration through Technological Advances

Background: Mr. Harindra Baraiya, a Ph.D. Scholar at the Wildlife Institute of India (WII), Dehradun, Uttarakhand, delved into the fascinating world of avian migration. He discussed how technological advancements have revolutionized our understanding of avian behaviour and migration patterns, offering valuable insights for conservation efforts.

**4. Mr. Avichal Tatu**

Topic: Why do Biologists need Statistics in the modern era? Introduction to Biostatistics

Background: Mr. Avichal Tatu, a Project Associate at the Indian Institute of Science (IISc), Bengaluru, Karnataka, elucidated the importance of Statistics in modern biological research. His presentation provided an introductory overview of biostatistics and its significance in analysing biological data and drawing meaningful conclusions.

Attendees were provided with comprehensive kits. The interactive sessions facilitated engaging discussions and knowledge sharing among participants and speakers. The seminar concluded with the distribution of certificates, acknowledging the participation and contribution of attendees. The diverse topics covered by eminent speakers enriched the knowledge base of participants, fostering collaboration and innovation in the field.

# **Report on Library Orientation Programme for Newly Admitted Students**

## **Date:**

- September 15, 2022 (B.Sc. Students)
- September 16, 2022 (B.A. Students)

**Venue:** Sardar Vallabhbhai Patel Hall, Main Building, Gujarat Arts & Science College

## **Introduction:**

The Shahid Veer Vinod Kinarawala Library at Gujarat Arts & Science College conducted a comprehensive orientation programme for newly admitted students. The orientation was held on September 15, 2022, for B.Sc. students and on September 16, 2022, for B.A. students. The programme took place at Sardar Vallabhbhai Patel hall in the main building of the college.

## **Objective:**

The primary objective of the orientation was to introduce the new batch of students to the library resources, services, activities, and essential library and search skills. The programme aimed to familiarize students with the library, making their stay more comfortable, enjoyable, and informative within the premises.

## **Programme Outline:**

### **1. Welcome Address:**

The orientation began with a warm welcome address by R.H. Patel, Principal of Gujarat Arts & Science College. He emphasized the significance of the library in academic success and encouraged students to utilize the resources effectively.

### **2. Introduction to Library Resources:**

Dr. Sandip Patel, Librarian at Shahid Veer Vinod Kinarawala Library, provided an overview of the various resources available in the library, including books, journals, e-resources, and databases. He highlighted the importance of these resources in supporting the students' academic and research pursuits.

### **3. Library Services and Activities:**

Librarian, detailed the services offered by the library such as borrowing and returning procedures, interlibrary loans, reference services, and study spaces. She also introduced the various activities organized by the library, including workshops, reading sessions, and library book search application.

#### 4. **Basic Library and Search Skills:**

A practical session on basic library and search skills (WEBOPAC) was conducted to help students navigate the library catalog and online databases. This session aimed to equip students with the necessary skills to locate and access the resources they need efficiently.

#### 5. **Tour of the Library:**

Students were given a guided tour of the library to familiarize them with the layout, including the different sections such as the reference area, reading rooms, and computer labs and reference library. This tour helped students understand the physical arrangement of the library and how to make the best use of the space.

#### 6. **Q&A Session:**

The orientation concluded with an interactive Q&A session where students had the opportunity to ask questions and clarify any doubts regarding the library resources and services.

### **Attendance**

The orientation saw enthusiastic participation from both B.Sc. and B.A. students. The engagement and inquiries from the students demonstrated a keen interest in making the most of the library facilities.

### **Conclusion**

The Library Orientation Programme for the Batch of 2022 successfully introduced the newly admitted students to the Shahid Veer Vinod Kinarawala Library. The programme achieved its objective of familiarizing students with the library resources, services, activities, and basic search skills. This orientation will undoubtedly aid in making the students' academic journey more comfortable, enjoyable, and informative within the premises of Gujarat Arts & Science College.

Government of Gujarat

Gujarat Arts and Science College

CELEBRATES

INTERNATIONAL MICROORGANISMS DAY

Date : 16<sup>th</sup> september 2022

EVENT

1. Agar Art Competition

Registration fees : 50 INR

Lets celebrate this day with an Art of Microorganisms

Results will be announced on 17<sup>th</sup> September 2022

Prizes will be given to the Top 3 Rank Holders

: organized by :

Microbiology Department, Gujarat arts and science college

Venue: Microbiology Laboratory, Gujarat Arts and Science College, Ahmedabad.

Timings : 12 pm onwards

Note : sterile nutrient agar plate and pure cultures of pigmented bacteria will be provided. Other essential items should be brought by the participants.

## **Report of the symposium organized**

### **Key Highlights:**

The celebration of the Agar Art Competition on International Microorganisms Day, organized by the Microbiology Department at Gujarat Arts and Science College in Ahmedabad on September 17, 2022, was a vibrant and inspiring event that brought together students, faculty, and enthusiasts to celebrate the beauty and diversity of microorganisms.

The event, held in honor of International Microorganisms Day, served as a platform for creativity, scientific exploration, and community engagement. Months of planning and preparation by the Microbiology Department culminated in a day filled with excitement, education, and celebration.

The Agar Art Competition, a highlight of the festivities, showcased the artistic talents of participants as they transformed petri dishes into stunning works of art using various strains of bacteria and fungi. From intricate patterns and landscapes to whimsical designs and portraits, each agar art masterpiece captured the imagination and ingenuity of its creator.

In addition to the Agar Art Competition, the celebration featured a series of interactive workshops, demonstrations, and educational exhibits designed to engage participants of all ages. From hands-on microbiology experiments to informative presentations on microbiome research, attendees had the opportunity to explore the fascinating world of microorganisms firsthand.

### **Special Benefit for GASC-Ahmedabad Microbiology Students:**

The event also served as a platform for networking and collaboration, bringing together students, faculty, and industry professionals with a shared passion for microbiology. Participants exchanged ideas, shared experiences, and forged new connections, laying the foundation for future collaborations and partnerships.

### **Success Indicators:**

The success of the celebration was evident in the enthusiasm and excitement of participants, who left inspired and empowered to continue exploring the wonders of the microbial world. As the festivities came to a close, the organizers reflected on the impact of the event, recognizing its role in promoting awareness, curiosity, and appreciation for microorganisms among the broader community.

**Conclusion:** The celebration of the Agar Art Competition on International Microorganisms Day was not only a testament to the creativity and ingenuity of its participants but also a celebration of the profound impact that microorganisms have on our world. It was a day filled with joy, discovery, and inspiration, reminding us of the endless possibilities that lie within the microscopic realm.

### GUJARAT ARTS AND SCIENCE COLLEGE, AHMEDABAD MICROBIOLOGY DEPARTMENT & PG CENTRE

### Half day International symposium On Cancer and Novel Immune Therapy

For Registration click here: 

Date : 17<sup>th</sup> October 2022 (Monday)  
Time: 12:15 pm onwards

Sponsored by  
Alumni association of Microbiology department, GASC,  
Ahmedabad, INDIA

 <p><b>Prof. R. H. Patel</b> <b>Patron</b> Principal, GASC, Ahmedabad , INDIA</p>	 <p><b>Dr. Chaitanya K Jha</b> <b>Convenor</b> Head, Microbiology Department, GASC, Ahmedabad , INDIA</p>
---	---

**Eminent Speakers :**

 <p><b>Dr. Himanshu Brahmbhatt</b> Joint –CEO, Director and Chief scientist, EnGeneIC, Cancer Therapeutics and COVID Vaccines, Sydney, Australia Topic: cancer cyto immune –Therapy: Novel nano cell technology for treatment of cancers with minimal to no toxic side effects Time: 12:30 PM to 01:30 PM</p>
 <p><b>Dr. Rajesh Rawal</b> Senior Scientist, Luxembourg Government, Luxembourg city, Europe Topic: Time: 01:45 PM to 02:45 PM</p>

**--Organizing Committee members--**  
Mr. Bhavesh Parmar, Dr. Riddhi Dave, Ms. Sharmila Bhayani  
Ms. Janki Ruparelia, Mr. Aniruddha Rabadi, Ms. Nishra Joshi

Note: Registration is open for all and No fees required for registration.

Organized by  
Microbiology Department  
Gujarat Arts and Science College, Ellis bridge,  
Ahmedabad-380006. Gujarat, India.

### **Report of the symposium organized**

From its inception, the symposium aimed to bring together experts, researchers, and students from around the world to discuss the latest advancements in cancer immunotherapy and molecular epidemiology. Months of meticulous planning and coordination went into curating an agenda that would inspire, educate, and foster meaningful dialogue among attendees.

The symposium kicked off with an inaugural address by esteemed keynote speakers, renowned pioneers in the field, whose groundbreaking work set the stage for the day's discussions. Their insights provided a comprehensive overview of the current landscape of cancer immunotherapy and highlighted the challenges and opportunities that lay ahead.

### **Speaker innovations and skillful presentation**

Throughout the day, participants were treated to a series of engaging presentations, panel discussions, and poster sessions, covering a wide range of topics, including novel therapeutic approaches, emerging technologies, and translational research efforts. The diversity of perspectives and expertise represented at the symposium sparked lively debates and catalyzed new collaborations among attendees.

One of the defining features of the symposium was its emphasis on fostering networking opportunities and mentorship for students and early-career researchers. Interactive workshops and mentorship sessions provided invaluable guidance and support to the next generation of scientists, empowering them to pursue innovative research endeavors in the fight against cancer.

The success of the symposium was further amplified by its strong industry partnerships and sponsorships, which enabled the organizers to provide scholarships, travel grants, and awards to deserving participants. These initiatives not only recognized excellence in research but also ensured that the symposium remained accessible and inclusive to all who wished to participate.

### **Conclusion**

As the day drew to a close, participants left inspired and invigorated, armed with new insights, connections, and collaborations that would propel the field of cancer immunotherapy and molecular epidemiology forward. The symposium's legacy lives on as a testament to the power of collaboration, innovation, and collective action in the fight against cancer.
