Competitive Exam Guidance Seminar

Date: 10.08.2020

Along with academic activities, Gujarat Arts & Science College, Ahmedabad, also organizes seminars to impart knowledge about various competitive exams. The seminar for Competitive exams was organized on 10.10.2020. This seminar aimed to provide information regarding competitive exams such as UPSC, GPSC, IBPS PO, GSSSB, etc. It was organized for the students of B.A. & B.Sc. semester 5/6 students. This seminar was graced by Dr. Chaitmay Jha. The seminar's main focus was on the importance of General Knowledge in competitive exams. The seminar commenced with the talk of the principal of the college. The principal talked about the aim of the seminar. He encouraged the students to participate in such seminars. He also delivered a speech on the importance of hard work and smart work in competitive exams. The resource person delivered a keynote address. He provided information regarding various competitive exams and how to register, appear, and crack the exams. He talked about the latest exam patterns and the role of General Knowledge in them. The resource person provided detailed information about various subjects of General Knowledge, such as History, Political Science, Geography, Science & Technology, Economics, Current affairs, etc. It was an insightful session in which the resource person emphasized patience and hard work. He also talked about the strategy of preparations and the importance of making notes. He explained in detail about what to read and what to avoid. He also suggested a list of books for preparation. He also focused on cultivating the habit of reading English newspapers. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test conducted by the resource person. There were 50 multiple-choice questions from different subjects. An hour was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 125 students of B.A./B.Sc. semester 5/6 were present in this seminar. It was fruitful in that students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Gujarat Arts & Science College, Ahmedabad
(Lab. Technician)

Date: 18.09.2020

To convey information about different career opportunities, Gujarat Arts and Science College annually organize career counselling programs. Such programs are organized by the IQAC, especially for students from last semester. A seminar was organized to impart information about the career opportunities in the laboratory technician field. The seminar aimed to enlighten the students about bright opportunities in the laboratory field. The seminar started with the principal's speech. He discussed the importance of such career counselling programs and motivated the students to participate. The IQAC coordinator also spoke about the role of the lab. Technician, especially during the pandemic. The demand for laboratory technicians has been increasing day by day. The resource person working as a Lab technician in the prestigious lab of Ahmedabad delivered a keynote address. He spoke on the education qualification required for the lab post. Technician. He explained in detail the career paths in the field of laboratory technology. He also discussed the critical responsibilities of a lab. Technician. It was a very informative and interactive session. Students asked various questions about the field of laboratory technician and satisfied their curiosity. 112 students from the B. Sc semester 6 participated in this program. Faculty members of the Science discipline participated and encouraged the students.

Gujarat Arts & Science College, Ahmedabad
(Literature Classes)

Date: 21.09.2020

Gujarat Arts and Science College annually organizes a career guidance seminar under UDISHA and other government projects. Such seminars aimed to impart knowledge to the NET/SET and other competitive exam aspirants. The aim was to give information about various literature and literary trends. In almost all exams, there are questions about Literature and Literary Awards. It was organized for the students of B.A. & B.Sc semester 5/6 students. This seminar was graced by Prof. Jay Buddhdev. The seminar commenced with the talk of the principal of the college. The principal talked about the aim of the seminar. He encouraged the students to participate in such seminars. He also delivered a speech on the importance of hard work and smart work in competitive exams. The resource person delivered a keynote address. The resource person discussed the importance of literature in various competitive exams. He spoke on the important aspects of Gujarati, Hindi, and English literature. He also provided a list of literary awards in Gujarati literature. He also discussed other awards, such as the Sahitya Akademi Award and Jnanpith Award. He explained the literary periods of Gujarati literature and important authors. Along with literature, he also gave some tips to solve Gujarati grammar easily. Gujarati grammar is an important part of GPSC and GSSSB exams. The resource person provided examples too. He talked on figures of speech, meters and other important points such as idioms and phrases. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test which was conducted by the resource person. There were 50 multiple-choice questions from Gujarati literature and grammar. An hour was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 157 students of B.A./B.Sc semester 5/6 were present in this seminar. It was a fruitful one in which students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Gujarat Arts & Science College, Ahmedabad
(Career counselling for aspirants of Academics)

Date: 14.12.2020

To convey information about different career opportunities, Gujarat Arts and Science College annually organize career counselling programs. Such programs are organized by the IQAC, especially for students from last semester. A seminar was organized for the students who want to be teachers and lecturers. The purpose of the seminar is to transmit information about career opportunities in the teaching field. The seminar was started with the talk of the IQAC coordinator. He addressed the students and talked about the importance of teachers in society. Two resource persons addressed the students. The resource informed the students about education qualifications and competitive exams to be a teacher in secondary and higher secondary schools. He explained in detail the pattern of TET, TAT, and HTAT exams. The resource person also discussed the pattern of CTET for central government schools.

The other resource person informed the students about lectureships in higher education institutes. She informed the students about the education qualifications and key responsibilities of a lecturer in the institutions. She also informed the students about the various exams to become a lecturer in higher education institutions. She explained the pattern of SET/GSET, NET and GATE exams. Both the sessions were informative. Students were motivated by the resource persons to achieve their goals. Students satisfied their curiosity about their future goals by asking questions. 248 students of B. A & B.Sc. semester 5/6 were present in this program. Faculty member of various departments was also present and motivated the students.

Gujarat Arts & Science College, Ahmedabad
(Mathematics Class)

Date: 18.01.2021

Under the various government schemes, Gujarat Arts and Science College annually organizes a series of lectures on various subjects such as Maths, Reasoning, problem-solving, and Grammar. These are all important aspects of any competitive exam. Such classes aimed to impart knowledge on the above subjects and motivate the students. Mathematics plays an important role in the exams. It is generally observed that students of arts and other disciplines do not have good command of maths. To guide mathematical questions, a lecture was organized on 18.01.2021. It was organized for the students of B.A. & B. Sc semester 5/6 students. This seminar was graced by Dr. Akhil S.Mital . The seminar commenced with the talk of the principal of the college. The principal talked about the aim of the seminar. He encouraged the students to participate in such seminars. He also delivered a speech on the importance of Maths and how to overcome the fear of Maths. The resource person delivered a keynote address. The resource person spoke on the importance of Maths in various competitive exams. He discussed the chapters of Maths from the exam point of view. He taught some chapters such as Percentage, Profit & Loss, Time and Distance, Number series, and Data sufficiency. He also taught some Geometry. Apart from teaching the above chapters, he taught some easy tricks to solve the sums of Maths in exams. The resource person also discussed the importance of time management in solving maths questions. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test conducted by the resource person. There were 20 multiple-choice questions from Maths. An hour was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 163 students of B.A./B. Sc semester 5/6 were present in this seminar. It was fruitful in that students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Gujarat Arts & Science College, Ahmedabad
(Career counselling for aspirants of Data-Scientist)

Date: 22.02.2021

Gujarat Arts and Science College, Ahmedabad, organizes various career guidance programs to cater to the needs of the students. The world is constantly evolving. There are so many emerging fields in which students of science discipline can have bright career opportunities. The institute organized a seminar to impart information about data science. The seminar started with the principal's speech. He welcomed the resource person. He emphasized the importance of data science and data science. The IQAC coordinator also discussed the importance and career opportunities in data science. The resource person delivered a keynote address. He imparted valuable and exciting information about the field of data science. First, he defined the concept of data science. A data scientist employs different techniques to extract insight and knowledge from structured and unstructured data. A data scientist has opportunities in various fields such as business and industry, health care, finance, E-commerce, and technological landscape. He also discussed the job roles and specializations of a data scientist. He explained the importance and need of data scientists in this constantly evolving world. Data scientists help organizations make data-driven decisions by solving complex problems and providing decisions. They play a crucial role in identifying opportunities for optimization and improvement across various business functions. It was an enlightening session. Students got an opportunity to ask questions related to data science. They were motivated to explore this new field. 106 students of B. Sc semester 5/6 participated in this program. Faculty of Maths, Physics, and Electronics were also in this program.

Gujarat Arts & Science College, Ahmedabad Competitive Exam Guidance Seminar.

Date: 12.07.2021

During the whole year, Gujarat Arts & Science College, Ahmedabad, organizes various seminars and programs related to career guidance. Competitive exams are becoming tougher day by day. Plenty of new subjects have been included. The pattern of questions has been changed. To guide the last semester's students about the new pattern of competitive exams, the seminar was organized on 12.07.2021. This seminar aimed to provide information regarding competitive exams such as UPSC, GPSC, IBPS PO, GSSSB, etc. It was organized for the students of B.A. & B.Sc. students. This seminar was graced by Dr. Nainesh Gadhvi. The seminar's main focus was on the importance of General Knowledge in competitive exams. The seminar started with the principal's speech. He encouraged the students to participate in such seminars. He also talked about the importance of time management in the preparation of competitive exams. The resource person delivered a keynote address. He provided information regarding various competitive exams and how to register, appear, and crack the exams. He talked about the latest exam patterns and the role of General Studies in it. The resource person provided detailed information about various subjects of General Studies such as History, Political Science, Geography, Science & Technology, Economics, Current affairs, etc. It was an enlightening session in which the resource person emphasized patience and hard work. He also talked about the strategy of preparations and the importance of making notes. He explained in detail about what to read and what to avoid. He also suggested a list of books for preparation. He also focused on cultivating the habit of reading English newspapers. The session became more interactive as the question-answer session followed it. It was a fruitful session. Students were motivated to appear for the exams. The session was followed by an MCQ test conducted by the resource person. There were 30 multiple-choice questions from different subjects. Thirty minutes were given to the students to attempt it. It was carefully designed by the resource person, keeping in mind the new pattern of the exams. 231 students of B.A./B.Sc were present in this seminar. Faculty members of the institute were also present in the seminar.

Gujarat Arts & Science College, Ahmedabad

(Competitive Exam Guidance Seminar)

Date: 26.07.2021

Gujarat Arts and Science College, Ahmedabad, organizes various career guidance programs to cater to the needs of the students. A seminar was organized to provide guidance to the competitive exam aspirants. Competitive Exams are becoming tough day by day. Each exam has its own distinctive pattern. The seminar was organized by the IQAC of the college. The principal, IQAC coordinator and heads of the departments were there in the seminar. It was started with a prayer. The principal of the college addressed the students and congratulated the IQAC of the college for organizing such programs. The IQAC coordinator spoke on the aim of the seminar. He also talked on the importance of proper guidance for competitive exams. The resource person delivered the keynote address. He imparted information about various competitive exams of Central government such as SSC-CGL and UPSC. He also informed about the state government exams of Gujarat such as GPSC, GSSSB, GPSSB, and PRB. The resource person also gave information about various exams for banking field such as IBPS, SBI-PO and clerk exams. Apart from providing information about various exams, he also discussed the important subjects for the exams. He provided information about Maths, reasoning, history, economics, science and technology and literature. The resource person emphasized on current affairs as an important aspect of the exams. He discussed the importance of hard work and smart work to crack the exams. He provided a list of essential books and magazine for competitive exams. Reading is the only key to success. Along with reading, note-making is equally important. He talked about the importance of reading newspaper and making notes from it. He also informed the students about the importance international affairs in the exam. He talked on international organizations such as UN, World Bank, IMF, ADB, UNESCO and UNICEF. It was an insightful session. Students were motivated to appear in the exams. The session was followed by an MCQ test. The test was conducted by the resource person. There 100 MCQs from different subjects. 60 minutes were given to the students. 265 students of B.A. and B.Sc. attended this seminar.

Gujarat Arts & Science College, Ahmedabad
(Higher Education Guidance Seminar)

Date: 22.10.2021

To convey information about different career opportunities, Gujarat Arts and Science College annually organize career counselling programs. Such programs are organized by the IQAC, especially for students from last semester. A seminar was organized to impart information about higher education. The purpose of the seminar was to convey information about the career options after graduation. It was specially organized for those who want to pursue further studies. The seminar started with the principal's speech. He discussed the importance of such career counselling programs and motivated the students to participate. The IQAC coordinator also spoke about the importance of post graduate courses. The resource person delivered the keynote address. He informed the students about various post graduate programs such as M.A, M.Sc. M.C.A and M.B.A and PGDCA. He also talked about the bright career opportunities after post graduate study. He explained in detail the importance of being master in a particular discipline. He advised the students to select a PG course carefully. In short, the resource person provided a road map to the students who want to study after graduation. It was a very informative and interactive session. Students asked various questions about PG courses and satisfied their curiosity. 195 students of B.A. and B.Sc. attended this seminar. Faculty members of the institute also attended this seminar.

Gujarat Arts & Science College, Ahmedabad
(Literature Classes)

Date: 28.10.2021

During an academic year, Gujarat Arts and Science College plans seminar and programmes to impart guidance to the students. The institute organizes career counselling programmes to inform the students about the bright career options. Such seminars aimed to impart knowledge to the NET/SET and other competitive exam aspirants. The aim was to give information about literature and literary trend and various literary awards. In almost all exams, there are questions about Literature and Literary Awards. It was organized for the students of B.A. & B.Sc. students. This seminar was graced by Prof. Khyati Dodiya. The seminar commenced with the talk of the principal of the college. The principal talked about the aim of the seminar. He encouraged the students to participate in such seminars. He also delivered a speech on the importance of hard work and smart work in competitive exams. The resource person delivered a keynote address. The resource person discussed the importance of literature from the competitive exam point of view. He spoke on the important aspects of Gujarati, Hindi, and English literature. He also provided a list of national literary awards and international literary awards. He talked about the Nobel Prize in literature, Booker's prize, Pulitzer Prize. The resource person explained the literary periods of English literature and the prominent authors of it. Along with literature, he also gave some tips to solve English grammar easily. English Grammar is an important component of almost all competitive exams. The resource person provided examples too. He talked on the common grammar topics such as articles, modal auxiliary words, active and passive voice, direct-indirect speech and transformation of sentences. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test which was conducted by the resource person. There were 30 multiple-choice questions from English literature and grammar. . 30 minutes was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 259 students of B.A./B.Sc were present in this seminar. It was a fruitful one in which students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Gujarat Arts & Science College, Ahmedabad
(Career Guidance Seminar for Journalism)

Date: 14.02.2022

To convey information about different career opportunities, Gujarat Arts and Science College annually organizes career counselling programs. Such programs are organized by the IQAC, especially for students from last semester. A seminar was organized to impart information about journalism. The seminar's purpose was to convey information about career opportunities in journalism. With the development of technology, the nature of journalism is constantly evolving. The seminar started with the principal's speech. He discussed the importance of such career counselling programs and motivated the students to participate. The IQAC coordinator talked about the aim of the seminar. The resource person is a famous journalist of a leading newspaper in Gujarat. He provided detailed information about the history of journalism. He also discussed the role of a journalist. He conveyed detailed information about the educational qualifications and skills required to be a journalist. He also suggested the name of the institutes where students can pursue the journalism course. He also discussed the various forms of journalism. Along with newspapers, digital mediums of journalism are more important. He advised the students to focus on their research and writing skills. Research, writing, and communication skills are essential for a good journalist. The resource person also talked about the role of technology and digital tools in modern journalism. It was an insightful session. A test followed it. The resource person asked the students to write a report on a particular event. 30 minutes were provided to prepare a report. There were 98 students of B.A./B.Sc. in the seminar. Faculty members of the institute also attended this seminar.

(Problem Solving)

Date: 17.02.2022

Under the various government schemes, Gujarat Arts and Science College annually organizes a series of lectures on various subjects such as Maths, Reasoning, problem-solving, and Grammar. These are all important aspects of any competitive exam. Such classes aimed to impart knowledge on the above subjects and motivate the students. There are questions related to problem-solving in the exams. These types of questions are very tricky and difficult to solve. An expert was invited to the institute to provide adequate guidance on this topic. A lecture was organized on 17.02.2022. It was organized for the students of B.A. & B.Sc. students. This seminar was graced by Dr. R. M. Patel. The lecture commenced with the talk of the principal of the college. The principal talked about the aim of the lecture. He encouraged the students to participate in such lectures. He also delivered a speech on the importance of problem-solving questions. The resource person delivered a keynote address. The resource person spoke on the importance of problem-solving questions in various competitive exams. With the changing patterns of exams, problem-solving questions carry the maximum weight. Time-management skills are required to solve such questions. He discussed the chapters on problem-solving from the exam point of view. He taught some chapters such as Blood relation, Analogy, Syllogism, etc. Apart from teaching the above chapters, he taught some easy tricks to solve such questions in exams. The resource person emphasized the practice of such questions daily. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test conducted by the resource person. There were 30 multiple-choice questions from Problem Solving. An hour was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 201 students of B.A./B.Sc. were present in this seminar. It was fruitful in that students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Gujarat Arts and Science College, Ahmedabad

Event: Career Counselling Programme

Date: 14-07-2022

Organized by: Biology Department, Gujarat Arts and Science College, Ahmadabad

Audience: B.Sc. Students of Botany, Zoology, and Microbiology

Date: 14-07-2022

1. Introduction

The Biology Department of Gujarat Arts and Science College, Ahmadabad, organized a career counselling programme to guide B.Sc. students specializing in Botany, Zoology, and Microbiology on the prospects of further studies at Gujarat University. The lecture was delivered by **Dr. Rohan Thakkar**, Department of Botany, Bio informatics and Climate Change Impacts Management, Gujarat University, Ahmadabad and the event saw the participation of around 60 students.

2. Objectives

- To inform students about the advanced study options available at Gujarat University.
- To provide insights into the academic and research opportunities in Botany, Zoology, and Microbiology.
- To offer guidance on the application process and preparation for postgraduate studies.

3. Programme Schedule

1. Inaugural Session

- Welcome Address by the Head of the Biology Department.
- Introduction to the objectives and agenda of the programme.

2. Lecture by **Dr. Rohan Thakkar**

- **Topic:** "Prospects of Further Studies after B.Sc. at Gujarat University"
- Key points covered:
 - Overview of postgraduate programs in Botany, Zoology, and Microbiology at Gujarat University.
 - Admission requirements and selection process.
 - Research facilities and resources available at the university.
 - Career prospects post-M.Sc. and Ph.D. in these disciplines.

3. Interactive Q&A Session

- Students engaged with Dr. Rohan Thakkar, asking questions and seeking advice on their queries related to further studies.

4. Conclusion

- Summary of key takeaways from the lecture.
- Vote of thanks by a faculty

4. Summary of Key Insights from Dr. Rohan Thakkar's Lecture

• Botany

- **Advanced Studies:** M.Sc. in Botany, M.Sc. in Bio informatics, M.Sc. in Climate Change Impacts Management and M. Sc, in Horticulture Science, Ph.D. programmes.
- **Research Areas:** Plant Physiology, Stress Physiology, Ecology, Systematic Botany, Horticulture, Floriculture, Phytochemistry, Biodiversity, etc.
- **Career Opportunities:** Research Scientist, Botanist, Environmental Consultant, Academic positions, Ecologist, etc.

• Zoology

- **Advanced Studies:** M.Sc. in Zoology, M.Sc. in Biomedical Technology, M.Sc. in Human Genetics and M.Sc. in Wildlife Biology and Conservation, Ph.D. programmes.
- **Research Areas:** Wildlife Biology, Ecology, Marine Biology, Animal Physiology, Cell Biology, etc.
- **Career Opportunities:** Wildlife Biologist, Conservation Scientist, Ecologist, Academic positions.

• Microbiology

- **Advanced Studies:** M.Sc. in Microbiology, M.Sc. in Biotechnology, Ph.D. programmes.
- **Research Areas:** Systematic Bacteriology, Industrial and Environmental microbial technology, Plant and Soil Microbiology, Biotechnology, etc.
- **Career Opportunities:** Clinical Microbiologist, Industrial Microbiologist, Environmental Microbiologist, Research Scientist, Quality Control Analyst, etc.

5. Recommendations for Students

- **Further Studies:** Pursue M.Sc. programs in your field of interest to deepen your knowledge and enhance career prospects.

- **Preparation for Admission:** Focus on academic performance, prepare for entrance exams, and gain research experience.
- **Skill Development:** Participate in workshops and internships to develop relevant laboratory and research skills.
- **Networking:** Engage with faculty, alumni, and professionals in your field to build a strong professional network.
- **Research Opportunities:** Seek out research projects and assistantships to gain practical experience.

6. Feedback from Participants

The feedback from the participants was overwhelmingly positive. Students appreciated the detailed information provided by Dr. Rohan Thakkar and found the Q&A session particularly useful for clarifying their doubts and gaining practical advice on further studies.

7. Conclusion

The career counselling programme was successful in providing the B.Sc. students of Botany, Zoology, and Microbiology with valuable guidance on further study prospects at Gujarat University. The lecture by Dr. Rohan Thakkar equipped the students with the necessary information to make informed decisions about their academic and professional futures.

8. Acknowledgements

The Biology Department extends its sincere gratitude to Dr. Rohan Thakkar for his insightful lecture and to all the students who participated actively in the event. Special thanks to the organizing committee for their efforts in making the programme a success.

Gujarat Arts & Science College, Ahmedabad
(Reasoning)

Date: 18.07.2022

To impart knowledge of different subjects, Gujarat Arts and Science College organizes a series of lectures on various subjects such as Maths, Reasoning, problem-solving, and Grammar. These are all important aspects of any competitive exam. Such classes aimed to impart knowledge on the above subjects and motivate the students. There are questions related to Reasoning in the exams. These types of questions are very tricky and difficult to solve. An expert was invited to the institute to provide adequate guidance on this topic. A lecture was organized on 18.07.2022. It was organized for the students of B.A. & B.Sc. semester 5/6 students. This seminar was graced by Dr. Fahmeeda Shaikh.. The lecture commenced with the talk of the principal of the college. The principal talked about the aim of the lecture. He encouraged the students to participate in such lectures. He also delivered a speech on the importance of Maths and reasoning questions. The resource person delivered a keynote address. The resource person informed the students the importance of reasoning in various competitive exams. With the changing patterns of exams, reasoning is also an important aspect. It requires hard work and practice. Time-management skills are required to solve such questions. He discussed the chapters on reasoning from the exam point of view. He taught some chapters such as Venn diagram, Coded question, Direction question and Visual reasoning.

Apart from teaching the above chapters, he taught some easy tricks to solve such questions in exams. The resource person emphasized the practice of such questions daily. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test conducted by the resource person. There were 30 multiple-choice questions from reasoning. An hour was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 248 students of B.A./B.Sc. were present in this seminar. It was really an insightful lecture in that students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Dr. Fahmeeda Shaikh

Gujarat Arts & Science College, Ahmedabad (Competitive Exam Guidance Seminar)

Date: 18.08.2022

Gujarat Arts and Science College, Ahmedabad, organizes various career guidance programs to cater to the needs of the students. A seminar was organized to provide guidance to the competitive exam aspirants. Competitive Exams are becoming tough day by day. Each exam has its own distinctive pattern. The seminar was organized by the IQAC of the college. The principal, IQAC coordinator and heads of the departments were there in the seminar. It was started with a prayer. The principal of the college addressed the students and congratulated the IQAC of the college for organizing such programs. The IQAC coordinator spoke on the aim of the seminar. He also talked on the importance of proper guidance for competitive exams. The resource person delivered the keynote address. He imparted information about various competitive exams of Central government such as SSC-CGL and UPSC. He also informed about the state government exams of Gujarat such as GPSC, GSSSB, GPSSB, and PRB. The resource person also gave information about various exams for banking field such as IBPS, SBI-PO and clerk exams. Apart from providing information about various exams, he also discussed the important subjects for the exams. He provided information about Maths, reasoning, history, economics, science and technology and literature. The resource person emphasized on current affairs as an important aspect of the exams. He discussed the importance of hard work and smart work to crack the exams. He provided a list of essential books and magazine for competitive exams. Reading is the only key to success. Along with reading, note-making is equally important. He talked about the importance of reading newspaper and making notes from it. He also informed the students about the importance international affairs in the exam. He talked on international organizations such as UN, World Bank, IMF, ADB, UNESCO and UNICEF. It was an insightful session. Students were motivated to appear in the exams. The session was followed by an MCQ test. The test was conducted by the resource person. There 100 MCQs from different subjects. 60 minutes were given to the students. 231 students of B.A. and B.Sc. attended this seminar.

Career counselling

Date: 26th August 2022

A programme jointly organized by the Biology Department of Gujarat Arts and Science College, and Academy of Ayurveda Development and Research (AADAR) for career counselling of B.Sc. students

Date: 26th August 2022

Venue: Botany Laboratory, Biology Department

The Biology Department of Gujarat Arts and Science College, in collaboration with the Academy of Ayurveda Development and Research (AADAR), organized a career counselling session on the 26th of August, 2022. The event was held at the Botany Laboratory of the Biology Department. The session aimed to enlighten students about the importance of the Botany subject and to provide insights into job and research prospects in this field.

The esteemed Chairperson of AADAR and Former Head of Botany Department, Gujarat University: Dr. Alka Vyas, inaugurated the session. She delivered an insightful keynote address emphasizing the significance of Botany as a subject. Dr. Vyas highlighted various career opportunities available in the field of Botany, encompassing both job roles and research prospects. Her speech provided a comprehensive overview of the potential paths students could pursue, encouraging them to delve deeper into the subject.

Lectures

Two prominent lectures were organized during the session, focusing on different aspects of Botany and its applications in Ayurveda and medicinal research.

First Lecture: "Myths, Rituals, and Ayurveda"

Speaker: Vd. Hardikkumar K. Bhatt, Medical Officer, Shri Maniben Government Ayurved Hospital, Ahmedabad

Vd. Hardikkumar K. Bhatt delivered an engaging lecture on the myths and rituals associated with Ayurveda. He debunked common misconceptions and provided students with a clearer understanding of Ayurvedic practices. Vd. Bhatt also elaborated on the role of Ayurveda in modern medicine and its research prospects, encouraging students to consider Ayurveda as a viable and rewarding research option.

Second Lecture: "Endangered Plants and Their Medicinal Values"

Speaker: Dr. Alpesh Patel, Principal, J & J College of Science, Nadiad

Dr. Alpesh Patel's lecture focused on endangered plants and their medicinal values. He discussed various endangered plant species and their importance in medicinal research. Dr. Patel emphasized the urgent need for conservation efforts and research to preserve these valuable plant species. His talk shed light on the research opportunities available in the field of medicinal plants and their potential impact on healthcare.

Student Participation

The event saw active participation from approximately 70 students, who were keen to learn about the various career paths and research opportunities in Botany and Ayurveda. The students engaged with the speakers, asking insightful questions and expressing their enthusiasm for the subjects discussed.

The session was anchored by a faculty in Botany concluded with a vote of thanks delivered by the Head of Biology Department. The faculty expressed gratitude to the esteemed speakers for their valuable insights and to the students for their active participation.

Conclusion

The career counselling session was a resounding success, providing students with valuable information about the importance of Botany and the diverse career and research opportunities in this field. The collaborative effort between the Biology Department of Gujarat Arts and Science College and the Academy of Ayurveda Development and Research (AADAR) was instrumental in making the event informative and impact.

(General discussion)

Date: 26.11.2022

Gujarat Arts and Science organizes various seminars, lectures, and workshops on various subjects during the whole year. To impart general information about entrance exams, competitive exams, interviews, and group discussion, a lecture was organized on General Discussion. The lecture started with a speech by the IQAC coordinator. He explained the motive of the lecture. He also spoke on the importance of Life skills for better career opportunities. The college's principal also discussed the aim of such lectures and the importance of interview etiquette. The resource person delivered the keynote address. He explained in detail various interview techniques. He informed the students about their dressing sense, self-confidence, and other essential aspects of the interview. Group discussion is also critical, especially in bank exams and the private sector. The resource person explained the dos and don'ts in Group discussion. It was a very interactive session. There was also a mock interview session for students to practice. There was a group discussion among the students on the topic given by the resource person. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test conducted by the resource person. 159 students of B.A./B.Sc. actively participated in this lecture. It was an insightful lecture in that students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Career Counselling Training Report: Urban Horticulture Development Training Programme

Date-30/12/2022

The Urban Horticulture Development Training Programme was held on 30th December 2022 at Ved Academy, Ahmedabad. This event was organized by the Gujarat Association for Agricultural Sciences in collaboration with the Deputy Director of Horticulture. The programme provided a comprehensive learning experience to 25 enthusiastic students from B.Sc. Semester 4 and 6.

These 25 students were accompanied by three faculties of Botany – Dr. Amita Tatu, Dr. Nirali Vora and Dr. Goral Jani.

The primary aim of the one-day programme was to impart practical knowledge and skills in Urban Horticulture, focusing on the fundamentals of kitchen gardening. The programme sought to:

- Educate students on the basics of kitchen gardening.
- Provide hands-on experience in cultivating plants in urban settings.
- Inspire students to pursue further studies and careers in urban horticulture.

The training programme included the following key activities:

1. **Interactive Sessions:** Engaging lectures and discussions on urban horticulture and kitchen gardening.
2. **Demonstrations:** Practical demonstrations on various aspects of kitchen gardening, allowing students to gain hands-on experience.
3. **Resource Distribution:** Each participant received a kit containing:
 - A letter pad, a ball pen, three essential books on kitchen gardening, two small bags of vegetable seeds, a khurpi (a small hand tool for gardening)

Additional Provisions

- **Refreshments:** Participants were provided with tea in the morning and lunch in the afternoon.
- **Certification:** At the conclusion of the programme, all students were awarded certificates to recognize their participation and commitment to learning.

Outcomes

The Urban Horticulture Development Training Programme was a resounding success. It achieved its goal of fostering a passion for urban horticulture among the participants. The comprehensive nature of the training equipped students with both theoretical knowledge and practical skills, inspiring them to explore further avenues in this field.

Overall, the programme not only enriched the students' understanding of urban horticulture but also provided them with the necessary resources to continue their learning journey. The success of this training programme highlights the importance of practical, hands-on learning

experiences in career counselling and development.

Conclusion

The Urban Horticulture Development Training Programme was an invaluable addition to the career counselling efforts of the Gujarat Association for Agricultural Sciences and Ved Academy. By providing students with a well-rounded introduction to urban horticulture, the programme has paved the way for future educational and career opportunities in this increasingly important field.

(Research Seminar)

Date: 13.02.2023

To convey information about different career opportunities, Gujarat Arts and Science College annually organizes career counselling programs. Such programs are organized by the IQAC, especially for students from last semester. A seminar was organized to impart information about research. The seminar's purpose was to convey information about career opportunities in research. The seminar started with the principal's speech. He discussed the importance of such career counselling programs and motivated the students to participate. The IQAC coordinator talked about the aim of the seminar. The resource person delivered a keynote address. He defined the concept of research to the students. He also provided some examples to make them understand. He talked about the importance of research. He conveyed information about M.Phil. and Ph.D., the courses in which research is required. The resource person discussed the types of research and the complete research process. He also provided information about the research proposal, methodology, and other essential aspects. He also talked about the aims and objectives of the researcher. He explained in detail the various data collection and analysis methods in research. He also discussed the dos and don'ts of research. He also provided information about the bright career opportunities in the field of research. There were 59 students of B.A. /B.Sc. in the seminar. Faculty members of the institute also attended this seminar.

(Problem Solving)

Date: 17.02.2023

Under the various government schemes, Gujarat Arts and Science College annually organizes a series of lectures on various subjects such as Maths, Reasoning, problem-solving, and Grammar. These are all important aspects of any competitive exam. Such classes aimed to impart knowledge on the above subjects and motivate the students. There are questions related to problem-solving in the exams. These types of questions are very tricky and difficult to solve. An expert was invited to the institute to provide adequate guidance on this topic. A lecture was organized on Problem Solving. It was organized for the students of B.A. & B.Sc semester 5/6 students. This seminar was graced by Dr. R. M. Patel. The lecture commenced with the talk of the principal of the college. The principal talked about the aim of the lecture. He encouraged the students to participate in such lectures. He also delivered a speech on the importance of problem-solving questions. The resource person delivered a keynote address. The resource person spoke on the importance of problem-solving questions in various competitive exams. With the changing patterns of exams, problem-solving questions carry the maximum weight. Time-management skills are required to solve such questions. He discussed the chapters on problem-solving from the exam point of view. He taught some chapters such as Blood relation, Analogy, Syllogism, etc. Apart from teaching the above chapters, he taught some easy tricks to solve such questions in exams. The resource person emphasized the practice of such questions daily. It was an interactive session where the students asked various questions to satisfy their curiosity about exams. The session was enlightening, and students derived inspiration from it. The session was followed by an MCQ test conducted by the resource person. There were 25 multiple-choice questions from Problem Solving. An hour was given to the students for the test. It was prepared by following the recent patterns of competitive exams. 259 students of B.A./B.Sc. were present in this seminar. It was fruitful in that students were motivated to appear for competitive exams. Faculty members of the institute were also present in the seminar.

Dr. R. M. Patel
Chairman

(Career Guidance Seminar on opportunities in Industries)

Date: 27.02.2023

To convey information about different career opportunities, Gujarat Arts and Science College annually organize career counselling programs. Such programs are organized by the IQAC, especially for students from last semester. A seminar was organized to impart information about career opportunities in various industries. The seminar started with the principal's speech. He discussed the importance of such career counselling programs and motivated the students to participate. The IQAC coordinator talked about the aim of the seminar. The resource person delivered a keynote address. He discussed in detail the career opportunities in industries. He provided information about the education qualification and required skills to work in industries. He imparted information about various industries. He talked about the career opportunities in Pharmaceutical industry in which one can get job in drug development, quality control, regulatory affairs. He provided detail information about career opportunities in genetic engineering, bioinformatics, and bioprocessing in biotech companies. He also imparted information about the information and technology, healthcare, environmental science, and food and beverage industries. It was an informative as well as interactive session. There were 115 students of B.Sc. in the seminar. Faculty members of the institute also attended this seminar.
