3. કોર્ષનું નામ: **Field Technician Networking & Storage** (CELE/Q4606)

4. કોર્ષના કન્ટેન્ટ

Date	Topic Name
24-09-2018	Understanding the different component of computer , Assembly of system
25-09-2018	Troubleshooting of the system
26-09-2018	Troubleshooting of the system
27-09-2018	To understand layout, Components and from factors of mother broad.
28-09-2018	To understand the form factors ,slot types and different memory types
09-10-2018	To identify the types of Storage. To Recognize the methods of storage and different hardware components used storage.
10-10-2018	To identify the types of hardware components in the computer and differentiate it.
11-10-2018	Installation of Operating System, Drivers Required, Software
12-10-2018	Recognize of the component of computer, troubleshooting
13-10-2018	Recognize of the installing and configuring of operating system and it drives.
19-10-2018	To understand importance of work etiquette. To understand the methods safety measure to be used.
20-10-2018	This will be Multiple question type. Presenting their learnt knowledge
22-10-2018	To understand the networking ,OSI Concepts Recognize the Network technologies.
23-10-2018	To understand the types of application functionality
24-10-2018	To understand the colour coding for the Ethernet cable to be crimping. Recognize network adaptor configuration
25-10-2018	Cisco Router Internal Hardware Basics, Router Boot Sequence, Configuring IP address on Serial and Fast Ethernet Interfaces, Configuring Console, VTY lines Passwords
26-10-2018	Recognize the network designed structure.
27-10-2018	To understand the different configuration methods of device
29-10-2018	To understands method of selfmotivation, self-confidence.
30-10-2018	This will be Multiple question type. Presenting their learnt knowledge
01-11-2018	To understand features of windows client ,performance information ,tools Configuration
02-11-2018	To understand the methods installation, Upgrading and its features
03-11-2018	To understand the method Configuring .maintaining, backup and recovery

12-12-2018	Recognize the methods of installation, configuration, system security.
13-12-2018	Recognize the methods of maintaining of backup, recovery and backup.
14-12-2018	To understand the method basic functions to be done, service to be provided, communicate effectively in formal situations. This will be Multiple question type.
15-12-2018	Presenting their learnt knowledge
17-12-2018	To understand Directory services and different functional levels
18-12-2018	To understand methods of installing ,configuring Directory services.
19-12-2018	To understand the methods of creation of User Accounts , Groups Accounts, Computer Accounts , Delegating Administration
20-12-2018	To understand the methods of disaster recovery and backup.
21-12-2018	Recognize the method of implementing secure domain
22-12-2018	Recognize the method of administrating and creation of user, maintaining group policies
24-12-2018	To understand the goals set, improving the reading skills
26-12-2018	This will be Multiple question type Presenting their learnt knowledge
27-12-2018	Recognize the Linux features, basic commands
28-12-2018	To understand the methods of installing ,configuring server and services
29-12-2018	To understand the method of fault analysis, filesystem corruption
31-12-2018	To understand method of installing, configuring network adaptor.
01-01-2019	To understand method of basic services, managing of storage
02-01-2019	To understand the impact, body language, verbal communication, comprehension
03-01-2019	This will be Multiple question type. Presenting their learnt knowledge
04-01-2019	To understand the method of installing, configuring , outlook and concepts of anti-virus.
05-01-2019	To understand the methods of identifying types and indication of virus, worms, Trojan
07-01-2019	To understand the compatibility issues and common errors. Recognize basic security risksTo understand methods of system vulnerability and fixing them.
08-01-2019	To understand method s of measure to prevent them.
09-01-2019	To understand methods of having positive attitude, awareness, prioritize
10-01-2019	This will be Multiple question type. Presenting their learnt knowledge
11-01-2019	To understand the method monitoring, measuring and reporting

12-01-2019	To understand the Method of CSF, KPIs and Activity.
16-01-2019	To understand the methods of SLA, timeliness, response and resolution data
17-01-2019	To understand the problem management process flow, Determination resolution
18-01-2019	To Understand the methods Problem management.
19-01-2019	To Understand the methods tracking report and control measures
21-01-2019	To understand the methods for learning new things at your work.
22-01-2019	This will be Multiple question type. Presenting their learnt Knowledge
23-01-2019	PC1. call the customer based on inputs logged into customer care PC2. greet the customer and listen to their problem attentively PC3. check with customer about time for visit, field work and confirm location
24-01-2019	PC4. follow etiquette when interacting with customers as per company policy such as politeness and patience PC5. seek feedback from the customers on completion of work
25-01-2019	PC6. understand location requirement for placement of system during and after installation PC7. seek inputs to understand symptoms for the problem faced PC8. ask open and close-ended questions to understand the specific problem
28-01-2019	PC9. inform customer about the replacement or repair process PC10. enquire about warranty coverage PC11. educate about other useful products and annual maintenance contract
29-01-2019	PC12. summarise the problem to customer and suggest the possible solutions PC13. inform customers on whether the module has to be replaced or repaired with reasons PC14. explain the customers on time taken, repair process and possible cost for the service or inclusion under warranty PC15. seek customer's approval for further service
30-01-2019	PC16. provide note to customers about the problem(s), actions taken and the cost associated and retain a copy PC17. provide appropriate invoice for any purchase of module or parts by customer
31-01-2019	PC18. interact with customer in time and within the specified Service Level Agreement (SLA) time PC19. identify the customer's requirement and available the resources and record PC20. accurately assess the problem and suggest appropriate solutions
01-02-2019	PC21. offer the 100% service as per customer's requirements PC22. communicate problem effectively in order to secure customer's confidence PC23. gauge customer satisfaction with the installation and placement of device
02-02-2019	PC24. Achieve zero repeat or second escalation from customer PC25. achieve customer satisfaction on engagement behaviour such as listening to complaints or appropriate dressing PC26. achieve 100% customer satisfaction and positive feedback
04-02-2019	KA1. company's policies on: customer care KA2. company's code of conduct KA3. organisation culture and typical customer profile
05-02-2019	KA4. company's reporting structure KA5. company's documentation policy

06-02-2019	KA1. company's policies on: incentives, delivery standards, and personnel management KA2. company's sales and after sales support policy KA3. importance of the individual's role in the workflow
07-02-2019	KA4. reporting structure KA5. company's policy on product's warranty and other terms and conditions KA6. company's line of business and product portfolio KA7. client database and their location KA8. Service Level Agreement (SLA) with client on Turn Around Time and quality parameters
08-02-2019	SA1. to read job sheet and/or complaints received by customer care SA2. to document the completed work
09-02-2019	SA3. to note customer complaints solution provided SA4. to read the standard operating procedures for different equipment
11-02-2019	SA5. to share work load as required SA6. to achieve the targets given on service and sales
12-02-2019	SB1. operate computer and laptop SB2. operate the peripheral hardware
13-02-2019	SB3. operate the different software appropriate to server system SB4. configure different settings and installations of hardware and software as per customer requirement
14-02-2019	PC1. listen carefully to concerns registered by customer at customer care PC2. interact with customer on telephone for better understanding of concern before the visit PC3. commence field trip based on type of complaint
15-02-2019	PC4. understand the Turn Around Time (TAT) as per the Service Level Agreement (SLA) PC5. carry the troubleshooting instructions sheets PC6. understand the warranty, terms and conditions with relation to the product
16-02-2019	PC7. identify the type of problem and carry relevant tools and equipment based customer complaint and standard operating procedure PC8. assess whether replacement or repair of module may be required PC9. ensure timely reporting and maintain punctuality
18-02-2019	PC10. carry only 100% approved and verified field replaceable parts for repairing or replacing PC11. decide on whether it can be repaired in field or at company's test centre
19-02-2019	PC12. understand the frequently encountered problems in the storage system and solution for them PC13. understand the problems experienced by the customer
20-02-2019	PC14. conduct root-cause analysis and identify the likely problem area PC15. diagnose the issue in networking device PC16. confirm all the issues in the storage by conducting standard diagnostics procedure
21-02-2019	PC17. coordinate with remote technical team to diagnose and confirm the issues faced in the storage system PC18. disassemble and check each part of networking, servers / storage system to isolate the failed module
22-02-2019	PC19. follow standard operating procedure while handling hardware modules such as handling PCB with ESD standards PC20. make decision on whether the part can be replaced or component should be repaired
23-02-2019	PC21. identify the solution design where the module to be replaced or software to be installed or updated PC22. decide on whether to replace module or send to repair centre

Date	
25-02-2019	PC23. if the module has to be replaced, disassemble the system, remove and replace and re-assemble the system PC24. if soldering needs to be done, use manual hand soldering iron unit to solder the components or parts
26-02-2019	PC25. if there is any operating system error, software related issues, reinstall the software or fix the issues PC26. fix the common problems faced with peripherals and networking devices PC27. escalate the problems which cannot be addressed at field level to the superior for servicing at company's repair stations
27-02-2019	PC28. coordinate with remote technical helpdesk to seek technical assistance in the field PC29. explain clearly the symptoms in the system to the remote technical helpdesk and perform the work as per their instructions
28-02-2019	PC30. perform diagnosis and troubleshooting as per remote technical helpdesk instructions PC31. follow appropriate safety procedures while handling tools such as soldering iron PC32. ensure system function is tested after new hardware modules or software is installed
01-03-2019	PC33. understand clearly the requirement before field visit PC34. report percentage of call closure in multiple visits against benchmark PC35. ensure no sub-standard or unverified parts are used in replacing
02-03-2019	PC36. attend to the client location as per the time decided in the service level agreement with the client PC37. complete the function within the agreed Turn Around Time (TAT) and as per the Service level agreement with the client PC38. complete the call closure in single visit
04-03-2019	PC39. complete the task with the quality benchmark of the company PC40. meet monthly or daily target given
05-03-2019	PC41. inform customer about the problem, action to be taken PC42. inform customer on adequate information about hardware device or software
06-03-2019	PC43. instruct customer on use of and procedures to be followed for operating the system or hardware PC44. confirm acceptance before replacing module or sending for repairs to company PC45. inform customer about warranty and other terms and conditions on the replaced or repaired hardware devices
07-03-2019	PC46. provide relevant documents to customers on completion of work PC47. achieve 100% satisfaction with customer on post sales service
08-03-2019	PC48. receive the work order from the superior or customer care about the complaint registered PC49. report on the work load and completion status
09-03-2019	PC50. find solutions to customer complaints and queries that are unresolved in the field PC51. escalate the problems that cannot be resolved at field level with reason PC52. report 100% on time completion of field repair or hardware replacement with reference to agreed target and time or reasons for not meeting target PC53. submit the feedback form on customer satisfaction level with respect to the product repair
11-03-2019	PC54. accurately report work status through proper documentation as per company's standards PC55. create knowledge bank on the complex repairs made through Documentation
12-03-2019	KA1. company's policies on: incentives, delivery standards, and personnel management KA2. company's sales and after sales support policy KA3. importance of the individual's role in the workflow

13-03-2019	KA4. reporting structure KA5. company's policy on product's warranty and other terms and conditions KA6. company's line of business and product portfolio
14-03-2019	KA7. client database and their location KA8. Service Level Agreement (SLA) with client on Turn Around Time and quality parameters
15-03-2019	Practical Test and Technical Interview Question Round

5. કોર્ષના કલાકો : કુલ ૪૦૦ કલાકો (૨૦/૦૨/૨૦૧૮ થી ૧૫/૦૩/૨૦૧૯)

6. વિદ્યાર્થીઓના પ્રતિભાવો લેખિત

Name - Gaurav. D. Panchal

Roll No. - 191

BSc (Sem - 6)

Feedback:

Usually I don't prefer this type of free courses at all but when I think to try this one my point of view for this courses changed completely. I had learned so many things including hardware, software, assembly & dissembly, and much more and our faculty are also much better than expected they taught us thing out of Box also. which are very useful for Us. Thank you.

GARVISH SOLANKI
034 BSc (T 4)

FEEDBACK:

A very good course of Hardware, Networking & Storage. The course is very benificial for me as I want to make my future in IT field. The facilities provided by NSDC were brilliant. They also taught how to develop our skills & personality. I feel more confident now as my communication skill & presenting skills were improved.

Thank you.

Student Attendance sheet
RASHTRIYA UCHCHATAR SHIKSHA ABHIYAN (RUSA)
Component -12 Vocationalisation of Higher Education
Year 2018-2019

Name of College:	Gujarat Arts & Science College, Ahmedabad				
Address of the College:	Ellisbridge, Ahmedabad				
Batch:01	Date:01/03/2019				
Training Time	From	9:00	To	1:30	Total Hours: 04:30 Hours
Rest Break & Interaction Time	From	11:00	To	11:30	Total Hours: 30 Min

Name of the NSOC Training Partners &Mobile No: Nidan Technologies Pvt. Ltd. Chirag Patel (9824689253)

Course Name: : Networking & Storage (CELE/Q4606)
